Palestine College for Police Sciences

Past .. Present .. Future

Establishment

Following the return of the vanguards of the Palestinian security forces to their homeland and upon the establishment of the Palestinian Civil Police in 1994, the PCPS was established in the city of Jericho. It is considered the first police teaching and training facility that belongs to the General Directorate of Police. It is enacted in the Police Act (23) of 2017 to become an academic institution of the Police.

PCPS Staff

PCPS cadre specialized in training in various police and security sciences; supervising many training programmes. They are holders of various graduate and undergraduate degrees in police and security sciences. The cadre is qualified to carry out their duties through continuous training in all police fields. In addition, several training courses for further developing the competencies of police officers on modern police training and teaching methods.

No. of Police officers	Educational Background	Gender
72 officers	26 officers, Ph.D 6 of whom full-timers	95 male officers
41 NCOs	40 officers, master's degree holders 20 of whom full-timers	18 female NCOs

PCPS Training Programmes

Qualification Programme

It aims at qualifying officers with knowledge and needed skills in various administrative, legal, and police sciences to enable them to properly perform their duties. It's geared towards officers ranked lieutenant and hold a bachelor degree in any field.

Constituent Training Programme

It aims at qualifying new cadets to enroll in police work, including providing them with basic police skills to be able to perform their tasks. They also include physical trainings, self-defense skills, arrest procedures, and full control.

Police Leadership Development Programme

It aims at qualifying police personnel to lead the police institution at any level, through equipping them with needed skills and competencies of leadership policing.

Specialized Training Programme

It consists of a set of training courses in various specialties, including security, police, administrative, language, computer skills, police-related field trainings. These training courses are conducted based on annual training needs assessment.

International Cooperation & Training

PCPS was established through international support as a first phase. Some other important facilities were postponed to the second phase. However, a set of international training programmes by international actors is taken place, including workshops, and training courses

Trainings by French Police
CRS

Trainings by Carabinieri

Workshops & trainings by
EUPOLCOPPS

German trainings and
trainings by GIZ

Extracurricular Work

Extracurricular work is a cornerstone of PCPS's culture, through hosting various police events represented by meetings, workshops national festive events; as well as hosting police personnel before and after their travel abroad to attend military programmes and colleges, camps and trainings courses. The PCPS also hosts scientific conferences, meetings with international actors, and specialized police workshops.

Ceremonies & Events

Coexistence Camps

Scientific Conferences & Workshops

Training Capacity and Environment

Training Environment:

Good planning that commensurate with the reality led to the creation of a training environment that fits the training circumstances. The PCPS includes administrative, logistics facilities and a gymnasium. It also includes the Police Leadership Development Institute, language center, a library, training halls, 14 dorms scattered over a land of 88 dunums to accommodate PCPS staff and police personnel. In addition, the facilities and infrastructure of the PCPS are gender responsive.

Training Capacity:

The PCPS can accommodate 401 male and female trainees at the same time (300males; 101 females), in addition to the resident PCPS staff

Classrooms

Training halls are equipped with best technologies necessary for training purposes, in order to create an appropriate, encouraging training environment for the trainer and trainee. There are 13 training halls with a capacity of up to 650 trainees.

Library

The library includes hundreds of books in various specializations, namely police and security sciences, legal, administrative, social, psychological sciences and among others.

Auditorium

One of the facilities which is used for trainings and ceremonies. It is equipped with the best presentation and sound systems, as well as for the interpretation services. Different events are hosted in the auditorium, including seminars, conferences, lectures. It can accommodate up to 300 persons.

إعداد القادة الشرطيين LEADERSHIP DEVELOPMENT INSTITUTE

Police Leadership Development Institute

One of the PCPS's specialized institutes, which include several classrooms equipped with the best technologies. It was renovated, equipped and furnished through the GIZ.

Simulation Police Station “**The German Scenario House**”

There are three scenario houses designated for practical work after completion of theoretical trainings. Trainers set up different scenarios with different roles so that trainees practice real working environment/scenes. The buildings are equipped with 21 CCTV cameras to document trainings for feedbacks, lessons learnt, and correction of mistakes.

Gymnasium / Sports Hall

The police college has a multi-use sports hall, in which trainings are conducted, including self-defense and other sports-related activities at the police and national levels

Kitchen & Dining Hall

Where health meals are made by chefs and served as per specific timings

Languages Institute

Equipped with 20 PCs with International English Learning Program for Non-English speakers. Modern English language learning approaches are followed using technological tools; which can be used for other languages based on the need

IT Infrastructure

The Police Academy has a computer center that provides appropriate training environment for police personnel. Computer related trainings are conducted. In addition, there is an internet service throughout the academy. A new system is being developed to manage training operations.

Developmental Vision

Organizational Charts and Job Descriptions

Develop organizational chart and bylaws to contribute to achieving PCPS's vision to update in various fields

Raising Efficiency & Capacity Development of Police Personnel

Building capacities of police personnel in different fields; and empower PCPS staff through thematic classification that based on specialization, qualification, and experience.

Efficiency & Excellence

Building external partnerships and elevate the status of the PCPS as an effective, academic institution equivalent to its counterparts in the field of legal, security and police academia

The journey of a thousand miles begins with a single step

A top-down photograph of a white ceramic coffee cup filled with dark coffee, resting on a light-colored, wrinkled fabric surface. To the left of the cup is a sprig of eucalyptus with silvery-green leaves. Overlaid on the cup and background is a graphic consisting of two interlocking, hand-drawn loops, one in orange and one in a reddish-pink color. The word "Discussion" is written in a clean, white, sans-serif font, centered within the intersection of the loops.

Discussion

Thank you
